

## Quick installation help for easy connect LED120 – lighting strips

Description  
MH\_ecLED120-BE20-A

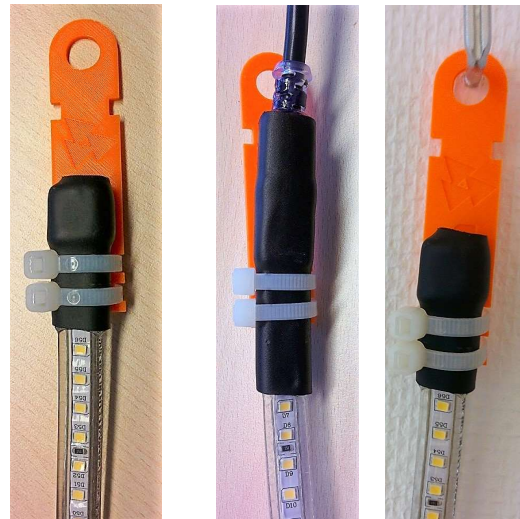

Switch GmbH & Co. KG offers a simple installation help for the easy connect LED120-shaft lighting strips. This tool enables a quick fixation of the lighting strip during the installation.

The lighting strip can easily be fixed on an existing hook or the provided dowels. It can be put into operation immediately.

The final fixation of the lighting strip can be done afterwards.

The installation tool can be fixed easily with the cable ties at the end of the strip as well as at the feeding of the lighting strip.
